### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.204 and §134.203, effective March 1, 2008, sets the reimbursement guidelines for the disputed service.
3. The services in dispute were reduced/denied by the respondent with the following reason codes:
  - P12-Workers compensation state fee schedule adjustment.
  - W3-Additional payment made on appeal/reconsideration.

- 193-Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.

## **Issues**

Is the requestor entitled to additional reimbursement for the FCE rendered on April 21, 2015?

## **Findings**

This dispute relates to services with reimbursement subject to the provisions of 28 Texas Administrative Code §134.204.

On the disputed date of service, the requestor billed CPT code 97750-FC.

The American Medical Association (AMA) Current Procedural Terminology (CPT) defines CPT code 97750 as "Physical performance test or measurement (eg, musculoskeletal, functional capacity), with written report, each 15 minutes."

The requestor appended modifier "FC" to code 97750. 28 Texas Administrative Code §134.204(n)(3) states "The following Division Modifiers shall be used by HCPs billing professional medical services for correct coding, reporting, billing, and reimbursement of the procedure codes. (3) FC, Functional Capacity-This modifier shall be added to CPT Code 97750 when a functional capacity evaluation is performed".

28 Texas Administrative Code §134.204(g) states "The following applies to Functional Capacity Evaluations (FCEs). A maximum of three FCEs for each compensable injury shall be billed and reimbursed. FCEs ordered by the Division shall not count toward the three FCEs allowed for each compensable injury. FCEs shall be billed using CPT Code 97750 with modifier "FC." FCEs shall be reimbursed in accordance with §134.203(c)(1) of this title. Reimbursement shall be for up to a maximum of four hours for the initial test or for a Division ordered test; a maximum of two hours for an interim test; and, a maximum of three hours for the discharge test, unless it is the initial test. Documentation is required."

Per 28 Texas Administrative Code §134.204(g) to determine the reimbursement for FCEs the Division refers to 28 Texas Administrative Code §134.203(c)(1)(2).

Per 28 Texas Administrative Code §134.203(c)(1)(2), the following formula is used to calculate the Maximum Allowable Reimbursement (MAR): (DWC Conversion Factor/Medicare Conversion Factor) X Participating Amount = MAR.

The 2015 DWC conversion factor for this service is 56.2.

The Medicare Conversion Factor is 35.7547.

Review of Box 32 on the CMS-1500 finds that the services were rendered in zip code 78681 which is located in Round Rock, Texas; therefore, the Medicare locality is "Rest of Texas."

The Medicare participating amount for CPT code 97750 is \$31.81.

Using the above formula, the MAR is \$50.00 per unit. The requestor billed for 12 units; therefore,  $\$50.00 \times 12 = \$600.00$ . The respondent paid \$600.00. The difference between MAR and amount paid is \$0.00. As a result, additional reimbursement is not recommended.

## **Conclusion**

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

## ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
